

Daily Hydration Face Serum

PRODUCT DEVELOPMENT BRIEF - Rev. 01 | Fictional data for demo use

01 / Project & commercial

Buyer / contact	Atelier Mira SAS / Camille Laurent, Sourcing camille.laurent@ateliermira.example
Development model	ODM - custom texture using manufacturer base
Schedule	First submission: 2026-10-23 In DC (buyer warehouse): 2027-04-05 Target launch: 2027-05-03
SKUs / order forecast	1 SKU; fragrance-free Initial: 10,000 units Annual forecast: 40,000 units (non-binding)
Target cost	Formula + filling: USD 1.25/unit Components: USD 1.10/unit Target finished goods: USD 2.35/unit, EXW factory, Korea
Target fill	30 mL per unit

02 / Formula direction

Distribution countries	European Union: France and Germany
Product description	A lightweight daily face serum for adults seeking hydration and a smooth skin feel. Absorbs quickly and layers under moisturizer without pilling.
Formula benchmark	Fictional reference AM-HS-02. Buyer requests a less tacky finish than the retained reference.
Base texture	Clear to slightly opalescent aqueous gel-serum; non-stringy.
Appearance / shades	Colorless to pale straw; low tack after 60 seconds.

Daily Hydration Face Serum

FORMULA DETAILS & INGREDIENT REQUESTS

03 / Sensory & claims

Viscosity / pH	Target 800-1,500 mPa.s at 25 C; manufacturer to define spindle and speed. Target pH 5.5-6.2.
Fragrance / flavor	No added fragrance, essential oils or flavor.
Finish / coverage	Natural hydrated finish; no tint or coverage.
Target claims / benefits	Requested: 24-hour hydration and improved skin smoothness. Sensitive-skin positioning subject to safety and claim review.

04 / Requested ingredients

INCI name	Requested level	Role / status
Hydrolyzed Wheat Protein	4.0%	Required finished-product target
Glycerin	5.0%	Required finished-product target
Zinc PCA	0.5%	Required finished-product target
Retinol	0.10%	Target on active basis
Phenoxyethanol	0.80%	Proposed preservative; supplier to assess
Chlorphenesin	0.30%	Proposed preservative booster
Aqua	q.s. to 100%	Balance after all other ingredients are defined

Partial development brief, not a complete formula. Percentages are w/w of finished product unless stated otherwise. Targets are fictional buyer requests, not approved limits. The manufacturer must propose the full quantitative formula and assess each market.

05 / Exclusions & use

DO NOT USE	Buyer policy: no Parfum, Alcohol Denat., essential oils, added colorants or animal-derived ingredients.
Application	Leave-on; adult facial skin. Not intended for eyelids or mucous membranes.
Directions for use	Apply 2-3 drops to clean face morning and evening, then follow with moisturizer.

Daily Hydration Face Serum

TESTING, PACKAGING & SUBMISSION

06 / Safety & efficacy testing

Item	Requested	Responsibility
RIPT	Yes	Manufacturer coordinates external lab
Ocular	No	Not requested in initial scope
Sensory	Yes	Buyer panel
Clinical	Yes	External lab; buyer approves protocol/budget
Other	Yes	Manufacturer: preservative efficacy testing

07 / Quality & package testing

Quality testing	Stability: proposed 12-week accelerated screen plus ongoing real-time study. Microbial limits including yeast/mold and preservative efficacy: manufacturer. Shelf-life target: 24 months unopened, subject to data; PAO to be determined.
Package testing	Compatibility: formula with bottle, pipette and gasket; manufacturer. Drop/leak/functionality: filled bottle with and without carton; manufacturer.

08 / Packaging

Primary	30 mL frosted glass bottle; white dropper, compatible bulb/gasket. Manufacturer sources.
Secondary	FSC-certified paper carton requested; buyer supplies French/German artwork; certification evidence requested.
Tertiary	48 units per export carton; dividers and protective inserts supplied by manufacturer.

09 / Submission requirements

Samples / comments	Final gelling agents, chelators and pH adjusters are TBD. Submit 12 x 30 mL samples for each of 2 texture options. Advise if requested preservative system affects skin feel.
Documents / review	Submit full INCI and quantitative formula, raw material specifications, proposed test plan and itemized quotation. Buyer and manufacturer to agree market review responsibilities. Regulatory clearance is not established by this brief.
Commercial assumptions	Targets are indicative, not supplier quotes. Finished-goods target includes filling and listed packaging; excludes freight, duties, testing and tooling. Quote these separately. No purchase commitment until PO approval.
