Target fill	30 mL per unit
Samples / quotation	12 x 30 mL samples for each of 2 texture options at first submission; itemized quotation requested

02 / Formula direction

Distribution countries	European Union: France and Germany
Product concept	A lightweight daily face serum for adults seeking hydration and a smooth skin feel. Absorbs quickly and layers under moisturizer without pilling.
Requested benefits	Buyer's requested targets: 24-hour hydration feel and improved skin smoothness. Sensitive-skin positioning is also requested. These are buyer requests for R&D and claims review, not established claims.
Texture / appearance	Clear to slightly opalescent aqueous gel-serum, non-stringy. Colorless to pale straw. Natural hydrated finish with no tint or coverage; low tack preferred. Viscosity and pH to be proposed by R&D.
Formula benchmark	Fictional reference AM-HS-02. Buyer requests a less tacky finish than the retained reference.
Fragrance	None - no added fragrance, essential oils or flavor.
Buyer exclusions	No Parfum, Alcohol Denat., essential oils, added colorants or animal-derived ingredients.
Application	Leave-on; adult facial skin. Not intended for eyelids or mucous membranes.
Directions for use	Apply 2-3 drops to clean face morning and evening, then follow with moisturizer.

Requested ingredients - for R&D review

INCI name	Requested level	Role / status
Hydrolyzed Wheat Protein	TBD	Requested by buyer
Glycerin	TBD	Requested by buyer
Zinc PCA	TBD	Requested by buyer
Retinol	TBD	Requested by buyer; level per R&D review
Phenoxyethanol	TBD	Buyer-proposed preservative; R&D to assess
Chlorphenesin	TBD	Buyer-proposed preservative booster
Aqua	TBD	Base; balance to be set by R&D

Ingredients the buyer has asked us to review. Final use and levels are decided by our R&D team; this list is not a formula or a full INCI list. TBD = level not yet defined.

03 / Packaging

Primary	30 mL frosted glass bottle; white dropper with compatible bulb/gasket. Manufacturer sources.
Secondary	FSC-certified paper carton requested; buyer supplies French/German artwork; certification evidence requested.
Tertiary / export	48 units per export carton; dividers and protective inserts supplied by manufacturer.

Internal follow-up: formula, ingredient levels, viscosity/pH, safety, stability, microbial and package testing plans are defined by R&D, Quality and Production as development proceeds. Regulatory clearance is not established by this brief.
